

WOW! Science Camp Supply List 2019

Parents,

Please bring these supplies on Monday of your child's camp session. In the hallway outside your child's classroom, there will be labeled bags or boxes for you to sort the supplies. Thank you for helping us to make Science Camp a wonderful learning experience for your child! If you have any questions, e-mail us at wowsciencecamp@sbcglobal.net or call 281-297-5955.

****Please send your child in socks and tennis shoes. Our nature walks will be near wooded or grassy areas. Apply sunscreen before camp. Also, it is a good idea to send a plastic grocery bag every day for the materials your child will be bringing home.**

Savvy Scientists Supply List (c)

1. One shoebox with lid. The shoebox should be for women's or children's shoes. (Men's shoeboxes are too large.) Please cut a 2-inch round circle in one of the short ends of the shoebox. Your child's name should be on the box. **Please note: only children who bring a shoebox will be able to completely make the science project.**
2. One small sprouting potato (potato size: **4 inches or smaller**) -- any variety, This should be a potato with little white shoots growing out of it. Put the potato in a dark place for 1-2 weeks to grow shoots (the longer the time, If your child's potato has no shoots, it is OK; please send it to camp anyway.
3. One empty cereal box, any brand, any size
4. Two dirty pennies
5. One travel-size toothpaste, not the gel type, any brand
6. One 16.9-ounce plastic water bottle with screw-on lid, empty with the label peeled off
7. A drink every day (juice or water bottle); Please label with child's name.
8. Please send a small to medium bag of goldfish, Teddy Grahams, Ritz crackers, Graham crackers, popcorn, or other snack (nothing with peanut butter) with your child to share with the class for snack time this week.
9. Optional: Your child may bring small animals like earthworms, safe insects, doodlebugs, pet snakes, lizards, pet rodents, frogs, toads, small turtles, etc., for show and tell---no dogs or cats! Label all containers with child's name. Please ask their teacher first at camp or e-mail Science Camp for permission if you are in doubt about a certain type of animal.
