

Dear Parents,

It's hard to believe that WOW Science Camp is here! We have been preparing for your children and cannot wait to see them!

We wanted to give an update about our Covid policies. We will follow all protocols required by The Woodlands Methodist Church at the time of each camp session. As we get closer to camp, we will be in touch with you if these policies need to be updated.

We will fully support any parents' decision to keep their child masked during Science Camp.

We ask that you monitor your child's health and keep them home when they show signs of illness. Additionally, we will take the following steps to mitigate the spread of disease/viruses.

1. **Nurses-** We will have nurses at Science Camp during all four sessions. They are well trained in Covid protocols and will help ensure the safest experience possible for your children.
2. **Cleaning/Sanitization-** We will clean supplies and keep all spaces sanitized during and in between camp sessions.
3. **Hand washing-** We will have children wash hands entering the classrooms. We will also have hand sanitizer available to use throughout class.
4. **Communication-** We will maintain open communication with our families if a person at camp has a test-confirmed case of Covid (no names will be released).

As always, it is our desire to create a safe and secure environment for our children and volunteers, while still engaging them in a wonderful Science Camp experience. Considering the health recommendations issued by the state and the collective wisdom of medical professional in the area, we believe these policies will do just that.

Many of our teachers have been with us 15-20 years; they adore your kids and look forward to camp each summer. We had so much fun with our science campers last summer, and we have lots of fun educational experiences waiting for them at Science Camp again! Rest assured our teachers will do all that they can to keep your kids safe and happy; they have been teaching in person throughout the pandemic and are very familiar with Covid safety protocols.

Please let us know if you have any questions. Do not hesitate to e-mail us at wowsciencecamp@sbcglobal.net. We are here for you!

All the best, Barbara Cargill, MSSE
WOW Science Camp Director
